

Begin your indoor gardening journey today

Grow your own living produce with a Les Verts system and:

✔ Say goodbye to overpriced, lackluster produce

✔ Reduce food waste

✔ Help build a more local, sustainable food future

Les Verts indoor hydroponic gardens are more than just growing systems. They're a way for us to reconnect – with our food, with those around us, with our roots.

Our indoor gardens are designed by **dedicated Canadian innovators** to make it easy for anyone anywhere to grow the freshest and highest quality living produce indoors for their home, business or community.

The Les Verts Difference

User-Friendly Experience

- ✔ Grow spray-free, top-tier produce effortlessly with step-by-step instructions, just 10 minutes of weekly effort and up to 10 days of autonomous operation. Plus, expert growers are at your service throughout the entire growing cycle.

Superior Quality

- ✔ Our unique varieties are chosen for their superior appearance, taste, and nutrition, sourced from North America's leading suppliers to ensure success with each planting.
- ✔ Professional lights, air movement, and nutrient blends ensure optimal plant growth, surpassing other indoor growing systems.

Flexible Production

- ✔ Choose your preferred crops from >100 tested and approved varieties, including herbs, lettuce, microgreens, tomatoes, peppers, peas and flowers.
- ✔ Choose from 2 or 3 levels for your system and adjust shelf heights depending on your growing needs.

Savings

- ✔ Our gardens produce double the harvest in the same space, at half the cost per pound compared to other systems.
- ✔ No pricey seed pods and no waste with plants that can be kept alive and fresh until eaten, shared or sold.

Worry-free experience

- ✔ 90-day money-back guarantee
- ✔ 5-year manufacturer's warranty
- ✔ Optional extended 3-year warranty
